Attract and retain top talent with Compease

It all comes down to confidence. The confidence instilled in your employees when they know they're being fairly compensated. And the confidence your HR team feels knowing the salary data you have is up-to-date, reliable and relevant to your credit union.

Compease takes the guesswork out of salary administration. It includes market-driven data, compensation consulting expertise and easy-to-use software that helps you:

- Develop competitive pay rates
- Align compensation with employee performance
- Manage compensation with compa-ratio reports
- And much more!
